

SAFETY DATA SHEET CRYSTALBRITE CARE FABRIC SOFTENER

SECTION 1: Identification of	the substance/mixture and of the company/undertaking	
1.1. Product identifier		
Product name	CRYSTALBRITE CARE FABRIC SOFTENER	
1.2. Relevant identified uses	of the substance or mixture and uses advised against	
Identified uses	Cleaning agent.	
1.3. Details of the supplier of	1.3. Details of the supplier of the safety data sheet	
Supplier	Cleenol Group Ltd Neville House Beaumont Road Banbury Oxon OX16 1RB UK Tel : +44 (0)1295 251721 Fax : +44 (0)1295 269561 sales@cleenol.co.uk	
1.4. Emergency telephone ne	umber	
Emergency telephone	Emergency contact number 01295 251721 (9am to 5pm Monday to Friday excluding bank holidays). Ask for Technical Department quoting the product name. Outside of these hours please contact your doctor or local hospital accident and emergency department or the NHS enquiry service (dial 111) quoting product name and present this MSDS advising them that the product is registered with the National Poisons Information Service	
SECTION 2: Hazards identifi	cation	
2.1. Classification of the sub	stance or mixture	
Classification (EC 1272/2008	<u> </u>	
Physical hazards	Not Classified	
Health hazards	Not Classified	
Environmental hazards	Not Classified	
2.2. Label elements		
Hazard statements	NC Not Classified	
Precautionary statements	P301+P312 IF SWALLOWED: Call a POISON CENTER/ doctor if you feel unwell. P302+P352 IF ON SKIN: Wash with plenty of water. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337+P313 If eye irritation persists: Get medical advice/ attention.	

2.3. Other hazards

Other	Hazards	
-------	---------	--

SECTION 3: Composition/information on ingredients

None

3.2. Mixtures

Skin contact Remove contaminated clothing. Wash skin thoroughly with soap and water. Get medical attention if any discomfort continues. Eye contact Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention if any discomfort continues. 4.2. Most important symptoms and effects, both acute and delayed Inhalation Inhalation May cause respiratory irritation. Ingestion May cause discomfort if swallowed. Skin contact May cause skin irritation. Eye contact May cause eye irritation. Eye contact May cause of eye irritation. Station of any immediate medical attention if irritation or symptoms persist. Symptomatic treatment Section S: Firefighting media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Oxides of Carbon, Nitrogen and Sulphur. <th>3.2. Mixtures</th> <th></th>	3.2. Mixtures

Extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective for firefighters Special protective equipment Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective for firefighters Special protective equipment and emergency procedures Personal precautions, protective clothing as described in Section 8 of this safety data sheet. 6.1. Perso	Skin contact	
Inhalation May cause respiratory irritation. Ingestion May cause discomfort if swallowed. Skin contact May cause skin irritation. Eye contact May cause eye irritation. 4.3. Indication of any immediate medical attention and special treatment needed Specific treatments Seek medical attention or symptoms persist. Symptomatic treatment SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Specific hazards Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Special protective equipment Special protective equipment Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective for firefighters SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	Eye contact	
Ingestion May cause discomfort if swallowed. Skin contact May cause skin irritation. Eye contact May cause eye irritation. 4.3. Indication of any immediate medical attention and special treatment needed Specific treatments Seek medical attention if irritation or symptoms persist. Symptomatic treatment SECTION 5: Firefighting media Suitable extinguishing media Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Specific hazards Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Special protective equipment Kear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Avoid or minimise the creation of any environmental contamination.	4.2. Most important symptoms and effects, both acute and delayed	
Skin contact May cause skin irritation. Eye contact May cause eye irritation. 4.3. Indication of any Immediate medical attention and special treatment needed Specific treatments Seek medical attention or symptoms persist. Symptomatic treatment SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media Suitable extinguishing media Suitable extinguishing media Suitable extinguishing media Specific hazards Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Special protective equipment for firefighters 61. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	Inhalation	May cause respiratory irritation.
Eye contact May cause eye irritation. 4.3. Indication of any immediate medical attention and special treatment needed Specific treatments Seek medical attention if irritation or symptoms persist. Symptomatic treatment SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Specific hazards Specific hazards Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Special protective equipment of the surrounding apparatus (SCBA) and appropriate protective clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	Ingestion	May cause discomfort if swallowed.
4.3. Indication of any immediate medical attention and special treatment needed Specific treatments Seek medical attention if irritation or symptoms persist. Symptomatic treatment SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Specific hazards Specific hazards Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Special protective equipment of firefighters Special protective equipment for firefighters Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	Skin contact	May cause skin irritation.
Specific treatments Seek medical attention if irritation or symptoms persist. Symptomatic treatment SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Surving may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective for firefighters Special protective equipment for firefighters Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. SECTION 6: Accidental release measures Mean protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	Eye contact	May cause eye irritation.
SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Specific hazards Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Special protective equipment for firefighters Special protective equipment for firefighters SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	4.3. Indication of any immedia	te medical attention and special treatment needed
5.1. Extinguishing media Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Specific hazards Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Special protective equipment for firefighters Special protective equipment for firefighters Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	Specific treatments	Seek medical attention if irritation or symptoms persist. Symptomatic treatment
Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Specific hazards Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Special protective equipment for firefighters Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	SECTION 5: Firefighting meas	ures
5.2. Special hazards arising from the substance or mixture Specific hazards Burning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Special protective equipment for firefighters Special protective equipment for firefighters Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	5.1. Extinguishing media	
Specific hazardsBurning may produce irritating, toxic and obnoxious fumes. Oxides of Carbon, Nitrogen and Sulphur.5.3. Advice for firefightersWear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.Special protective equipment for firefightersWear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.SECTION 6: Accidental releasemeasures6.1. Personal precautions, protective equipment and emergency proceduresPersonal precautionsWear protective clothing as described in Section 8 of this safety data sheet.6.2. Environmental precautionsAvoid or minimise the creation of any environmental contamination.	Suitable extinguishing media	The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.
Oxides of Carbon, Nitrogen and Sulphur. 5.3. Advice for firefighters Special protective equipment for firefighters Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	5.2. Special hazards arising fro	om the substance or mixture
Special protective equipment for firefighters Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	Specific hazards	
for firefighters clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	5.3. Advice for firefighters	
6.1. Personal precautions, protective equipment and emergency procedures Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	Special protective equipment for firefighters	
Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid or minimise the creation of any environmental contamination.	SECTION 6: Accidental release measures	
6.2. Environmental precautions Environmental precautions Avoid or minimise the creation of any environmental contamination.	6.1. Personal precautions, pro	tective equipment and emergency procedures
Environmental precautions Avoid or minimise the creation of any environmental contamination.	Personal precautions	Wear protective clothing as described in Section 8 of this safety data sheet.
	6.2. Environmental precaution	<u>S</u>
6.3. Methods and material for containment and cleaning up	Environmental precautions	Avoid or minimise the creation of any environmental contamination.
	6.3. Methods and material for	containment and cleaning up

Flash point

CRYSTALBRITE CARE FABRIC SOFTENER

Methods for cleaning up	Stop leak if possible without risk. Absorb in vermiculite, dry sand or earth and place into containers. Flush contaminated area with plenty of water. Avoid the spillage or runoff entering drains, sewers or watercourses.
6.4. Reference to other section	<u>s</u>
Reference to other sections	See section 3,8 & 13 for further information
SECTION 7: Handling and stor	rage
7.1. Precautions for safe handl	ing
Usage precautions	Avoid spilling. Avoid contact with skin and eyes.
7.2. Conditions for safe storage	e, including any incompatibilities
Storage precautions	Store in tightly-closed, original container in a dry, cool and well-ventilated place. Keep only in the original container.
7.3. Specific end use(s)	
Specific end use(s)	The identified uses for this product are detailed in Section 1.2.
SHELF LIFE OF DILUTION 12 MONTHS	
SECTION 8: Exposure Control	s/personal protection
8.1. Control parameters	
8.2. Exposure controls	
Protective equipment	
Eye/face protection	Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible. Personal protective equipment for eye and face protection should comply with European Standard EN166.
Hand protection	Chemical-resistant, impervious gloves complying with an approved standard should be worn if a risk assessment indicates skin contact is possible. To protect hands from chemicals, gloves should comply with European Standard EN374.
Other skin and body protection	Use barrier creams to prevent skin contact.
Hygiene measures	Wash promptly if skin becomes contaminated. Promptly remove any clothing that becomes contaminated. Use appropriate skin cream to prevent drying of skin.
Respiratory protection	Not relevant.
SECTION 9: Physical and Che	mical Properties
9.1. Information on basic physi	cal and chemical properties
Appearance	Liquid.
Colour	Blue.
рН	4-6
Initial boiling point and range	100°C @ 760 mm Hg

NA°C

Relative density	1 @ 20°C
9.2. Other information	
Other information	None.
SECTION 10: Stability and rea	activity
10.1. Reactivity	
Reactivity	No test data specifically related to reactivity available for this product or its ingredients.
10.2. Chemical stability	
Stability	Stable at normal ambient temperatures.
10.3. Possibility of hazardous	reactions
Possibility of hazardous reactions	None known.
10.4. Conditions to avoid	
Conditions to avoid	Avoid excessive heat for prolonged periods of time.
10.5. Incompatible materials	
Materials to avoid	None known.
10.6. Hazardous decomposition products	
Hazardous decomposition products	Fire creates: Carbon monoxide (CO). Carbon dioxide (CO2).
SECTION 11: Toxicological in	formation
11.1. Information on toxicologi	ical effects
Ingestion	May cause discomfort if swallowed.
Skin contact	Skin irritation should not occur when used as recommended.
Eye contact	Vapour or spray in the eyes may cause irritation and smarting.
SECTION 12: Ecological Infor	mation
Ecotoxicity	Not regarded as dangerous for the environment.
12.1. Toxicity	
Toxicity	The product is not believed to present a hazard due to its physical nature.
12.2. Persistence and degradability	
Persistence and degradability	The product is biodegradable.
12.3. Bioaccumulative potentia	al
Bioaccumulative potential	Not known.
12.4. Mobility in soil	
Mobility	The product is soluble in water.
12.5. Results of PBT and vPvI	B assessment
Results of PBT and vPvB assessment	This product does not contain any substances classified as PBT or vPvB.

12.6. Other adverse effects	
Other adverse effects	None known.
SECTION 13: Disposal con	siderations
13.1. Waste treatment meth	lods
Disposal methods	Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.
SECTION 14: Transport info	ormation
General	The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).
14.1. UN number	
Not applicable.	
14.2. UN proper shipping na	ame
Not applicable.	
14.3. Transport hazard clas	<u>s(es)</u>
No transport warning sign re	equired.
14.4. Packing group	
Not applicable.	
14.5. Environmental hazard	
Environmentally hazardous No.	substance/marine pollutant
14.6. Special precautions for	or user
Not applicable.	
14.7. Transport in bulk acco	ording to Annex II of MARPOL and the IBC Code
Transport in bulk according Annex II of MARPOL 73/78 and the IBC Code	
SECTION 15: Regulatory in	formation
15.1. Safety, health and env	vironmental regulations/legislation specific for the substance or mixture
National regulations	The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 (SI 2009 No. 716).
EU legislation	Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (as amended). Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (as amended).
Guidance	Workplace Exposure Limits EH40. CHIP for everyone HSG228. Approved Classification and Labelling Guide (Sixth edition) L131. Safety Data Sheets for Substances and Preparations

15.2. Chemical safety assessment

A chemical safety assessment has been carried out.

SECTION 16: Other information	
Revision date	13/10/2017
Revision	9
Supersedes date	29/09/2017
SDS number	CRLD3
Risk phrases in full	Not classified. R10 Flammable. R38 Irritating to skin.
Hazard statements in full	H226 Flammable liquid and vapour. H315 Causes skin irritation.
