

# SANKIT CLEAN UP KIT

## All Purpose Spillage Solution Kit

Our quick and easy solution for the removal of body spillages for all taxi, coach, bus, trains, emergency services vehicles, nursing homes, clinics, schools, vets, police cells & prisons, public buildings, and offices. This quick and easy problem solving kit, packed in a handy small bag, is perfect for the fast removal of body spillages. Combining the absorption power of **Sanitaire Powder** and the odour neutralizing efficiency of **Sta Kill Biocidal Cleaner and Deodoriser**, these handy packs contain latex gloves, a cardboard scoop and a tough disposal bag.

- **Sanitaire** is a revolutionary, biodegradable, non-toxic emergency treatment for the safer control of all accidental spillages
- **Sanitaire** will absorb up to 200x its own volume and contains a powerful bactericide
- **Sta Kill** is a powerful deodoriser with bactericide containing urine stain neutralising agents
- **Sta Kill** has been tested to EN1276 and EN13727
- **Sta Kill** is dilutable up to 5:1

### DIRECTIONS

#### STEP ONE

Liberally sprinkle Sanitaire onto the accident and allow up to 2 minutes before scooping up with cardboard scoop and disposing of in the tough disposal bag.

#### STEP TWO

Spray Sta Kill on to the affected area and leave to work on accident for at least 5 minutes, then wipe off.

Suitable for use on all surfaces and fabrics—even upholstery.

**Use biocides safely. Always read the label and product information before use.**

### PACKAGING

**Order Code: SANKIT**

Pack Size: 6 x 1 kits

### STORAGE

Store in original container, keep tightly closed when not in use.

Sanitaire has a shelf life of at least two years.
